

## Chapter School Approval

NSHSS Chapters are designed to engage members, provide outside-the-classroom peer experiences, develop life-long skills while making an impact in their schools, communities and beyond.

**High School Name:** \_\_\_\_\_

Along with school approval, the Chapter must hold at least three (3) Chapter Officers and one (1) Chapter Advisor to be considered an established entity capable of holding Chapter functions. If the Chapter is not abiding by school regulations, the Chapter Advisor will be notified immediately to preserve the integrity and standing of the Chapter.

By signing this document, bringing an *NSHSS Chapter to this campus is approved*, making it one of the first Chapters in the country. By approving this Chapter, student leaders and members may conduct NSHSS Chapter activities and functions in accordance with your High School and National Society of High School Scholar's Chapter Standards and Chapter Constitution.

*I authorize a Chapter of the National Society of High School Scholars be brought to this campus.*

*By signing your name, you agree to support the NSHSS Chapter initiatives.*
